

# Tender supply across Ukraine.

Product sourcing, pricing, documentation and delivery - managed by one accountable partner.

---

COVERAGE

**All Ukraine**

FORMAT

**Prozorro + commercial  
procurement**

APPROACH

**Full cycle**

**BUFFALO**

SUPPLY GROUP

# We manage tender requirements end to end.

The customer gets one process, one communication channel and a clear next step at every stage.

01

## Requirements analysis

Specification, criteria, budget, deadlines and procurement constraints.

02

## Sourcing and pricing

Manufacturers, products, approved alternatives and an optimal configuration.

03

## Document package

Certificates, warranties, technical materials and delivery documentation.

04

## Delivery coordination

Ordering, logistics, timeline control and final handover.

# Categories matched to the specification.

We handle standard and non-standard requirements across Ukrainian and international markets.

01

## Industrial equipment

Machinery, compressor systems, production solutions and components.

02

## Tools and welding

Hand tools, power tools, welding equipment and gas-cutting solutions.

03

## Automotive and workshop equipment

Professional tools, automotive chemicals and service equipment.

04

## Metal and construction materials

Metal products, fasteners, construction chemicals and related materials.

05

## PPE and workwear

Protective clothing, footwear, gloves, ladders and handling equipment.

06

## Electronics

Monitors, office equipment and specialised electronic devices.

# Prozorro and commercial procurement.

We match solutions to technical requirements rather than to a single catalogue.

01

## Public procurement

Support for enquiries and technical requirements in Prozorro procedures.

02

## Commercial tenders

Offers for private companies, contractors and manufacturing enterprises.

03

## Complete documentation

Verification of certificates, warranties, datasheets and supporting materials.

04

## Delivery across Ukraine

Coordinated delivery to the customer within the agreed timeline.

# From documentation to delivery.

Four clear stages with ownership, visible status and an agreed outcome.

## **01 Analyse the enquiry**

Specification, budget, deadlines and criteria.

## **02 Prepare the offer**

Manufacturers, alternatives, terms and configuration.

## **03 Coordinate documents**

Certificates, technical materials and completeness.

## **04 Organise delivery**

Ordering, logistics, timeline and handover.

# One partner. Full cycle.

For public institutions, municipal enterprises, construction companies, manufacturers and private businesses across Ukraine.

## START A CONVERSATION

Send the procurement number or specification for pricing.
